Allotments and Garages Policy

Scope of Policy

This policy applies to allotment and garage sites managed by Briercliffe with Extwistle Parish Council.

Other allotments sites within the district are owned and managed either by the Borough, Town or Parish Councils, or are in private ownership. This policy does not apply to these sites.

Aims of Policy

- To improve the quality of the allotment environment for plot holders, neighbours and residents
- To address long waiting lists and high demand for allotments plots
- To set an agreed 'Lettings Policy' for Allotments and Garages
- To ensure that the allotments service is totally funded by those who use the service

Background

Briercliffe with Extwistle Parish Council manages the Harrison Street allotment site, Garage Site and the Turning Circle Garage site, there are also a small number of individual garages throughout the Parish.

Allotments have become very popular for the healthy lifestyle and community benefits they provide. The demand for allotment plots has however resulted in a waiting list.

Local Authorities have a legal obligation to provide sufficient allotments to meet demand under the Small Holdings and Allotments Act 1908.

It is however the responsibility of a Town or Parish Council to provide allotments within their boundaries in line with the Local Government Act 1972.

Statutory allotments are those where the land was originally acquired specifically for this purpose. The Allotment Act 1925 stipulates that the sale or disposal of statutory allotments requires the consent of the Secretary of State. All other allotments are temporary, but can be re-designated as statutory if required. The Parish Council has designated the Harrison Street Allotments as statutory temporary allotments.

Where this Policy refers to the Allotment Manager, this also includes the Assistant Allotment Manager, when in post, to an equal degree.
